Our Customer Pickup Services

Coverage

We leverage our nationwide presence and intermodal capabilities to move your freight across the country. With a fleet of 4,800 plus best-in-class trailers, as well as access to intermodal rail services, we ensure efficient and reliable delivery across our extensive network.

Network & Environment

We ensure consistent and reliable service throughout Canada, even in remote and challenging locations. Our strong commitment is to decarbonize our short haul, outbound, corporately owned and operated fleet by 2030 and work towards achieving our net-zero targets.

Custom Approach

Our customer-centric approach means that we partner with you for an exceptional customer experience, ensuring responsiveness at every stage of the supply chain journey.
